

IGT GPU Tools 2020 Update

Wednesday, 16 September 2020 20:00 (5 minutes)

Short update on IGT - what has changed in the last year, where are we right now and what we have planned for the near future.

IGT GPU Tools is a collection of tools and tests aiding development of DRM drivers. It's widely used by Intel in its public CI system. IGT has targeted test for v3d, panfrost, amdgpu, etc.

I am one of the maintainers.
